# Panel A320

## Captain

**NAV**  
Navigation  
Map

**IOS**  
Instructor  
Operating  
Station

True  
**Plug & Play**

Requires  
**only 1 PC**

Setup installation  
in **15 minutes**

Designed for  
**ProSim A320**

**PREPAR3D**<sup>®</sup>  
All versions

Microsoft  
**Flight Simulator X**

# Desktop Panel A320 Captain

*Robust  
and  
high quality  
material*

*Simple and detailed  
installation guide.  
No computer or  
electronic knowledge  
required.*

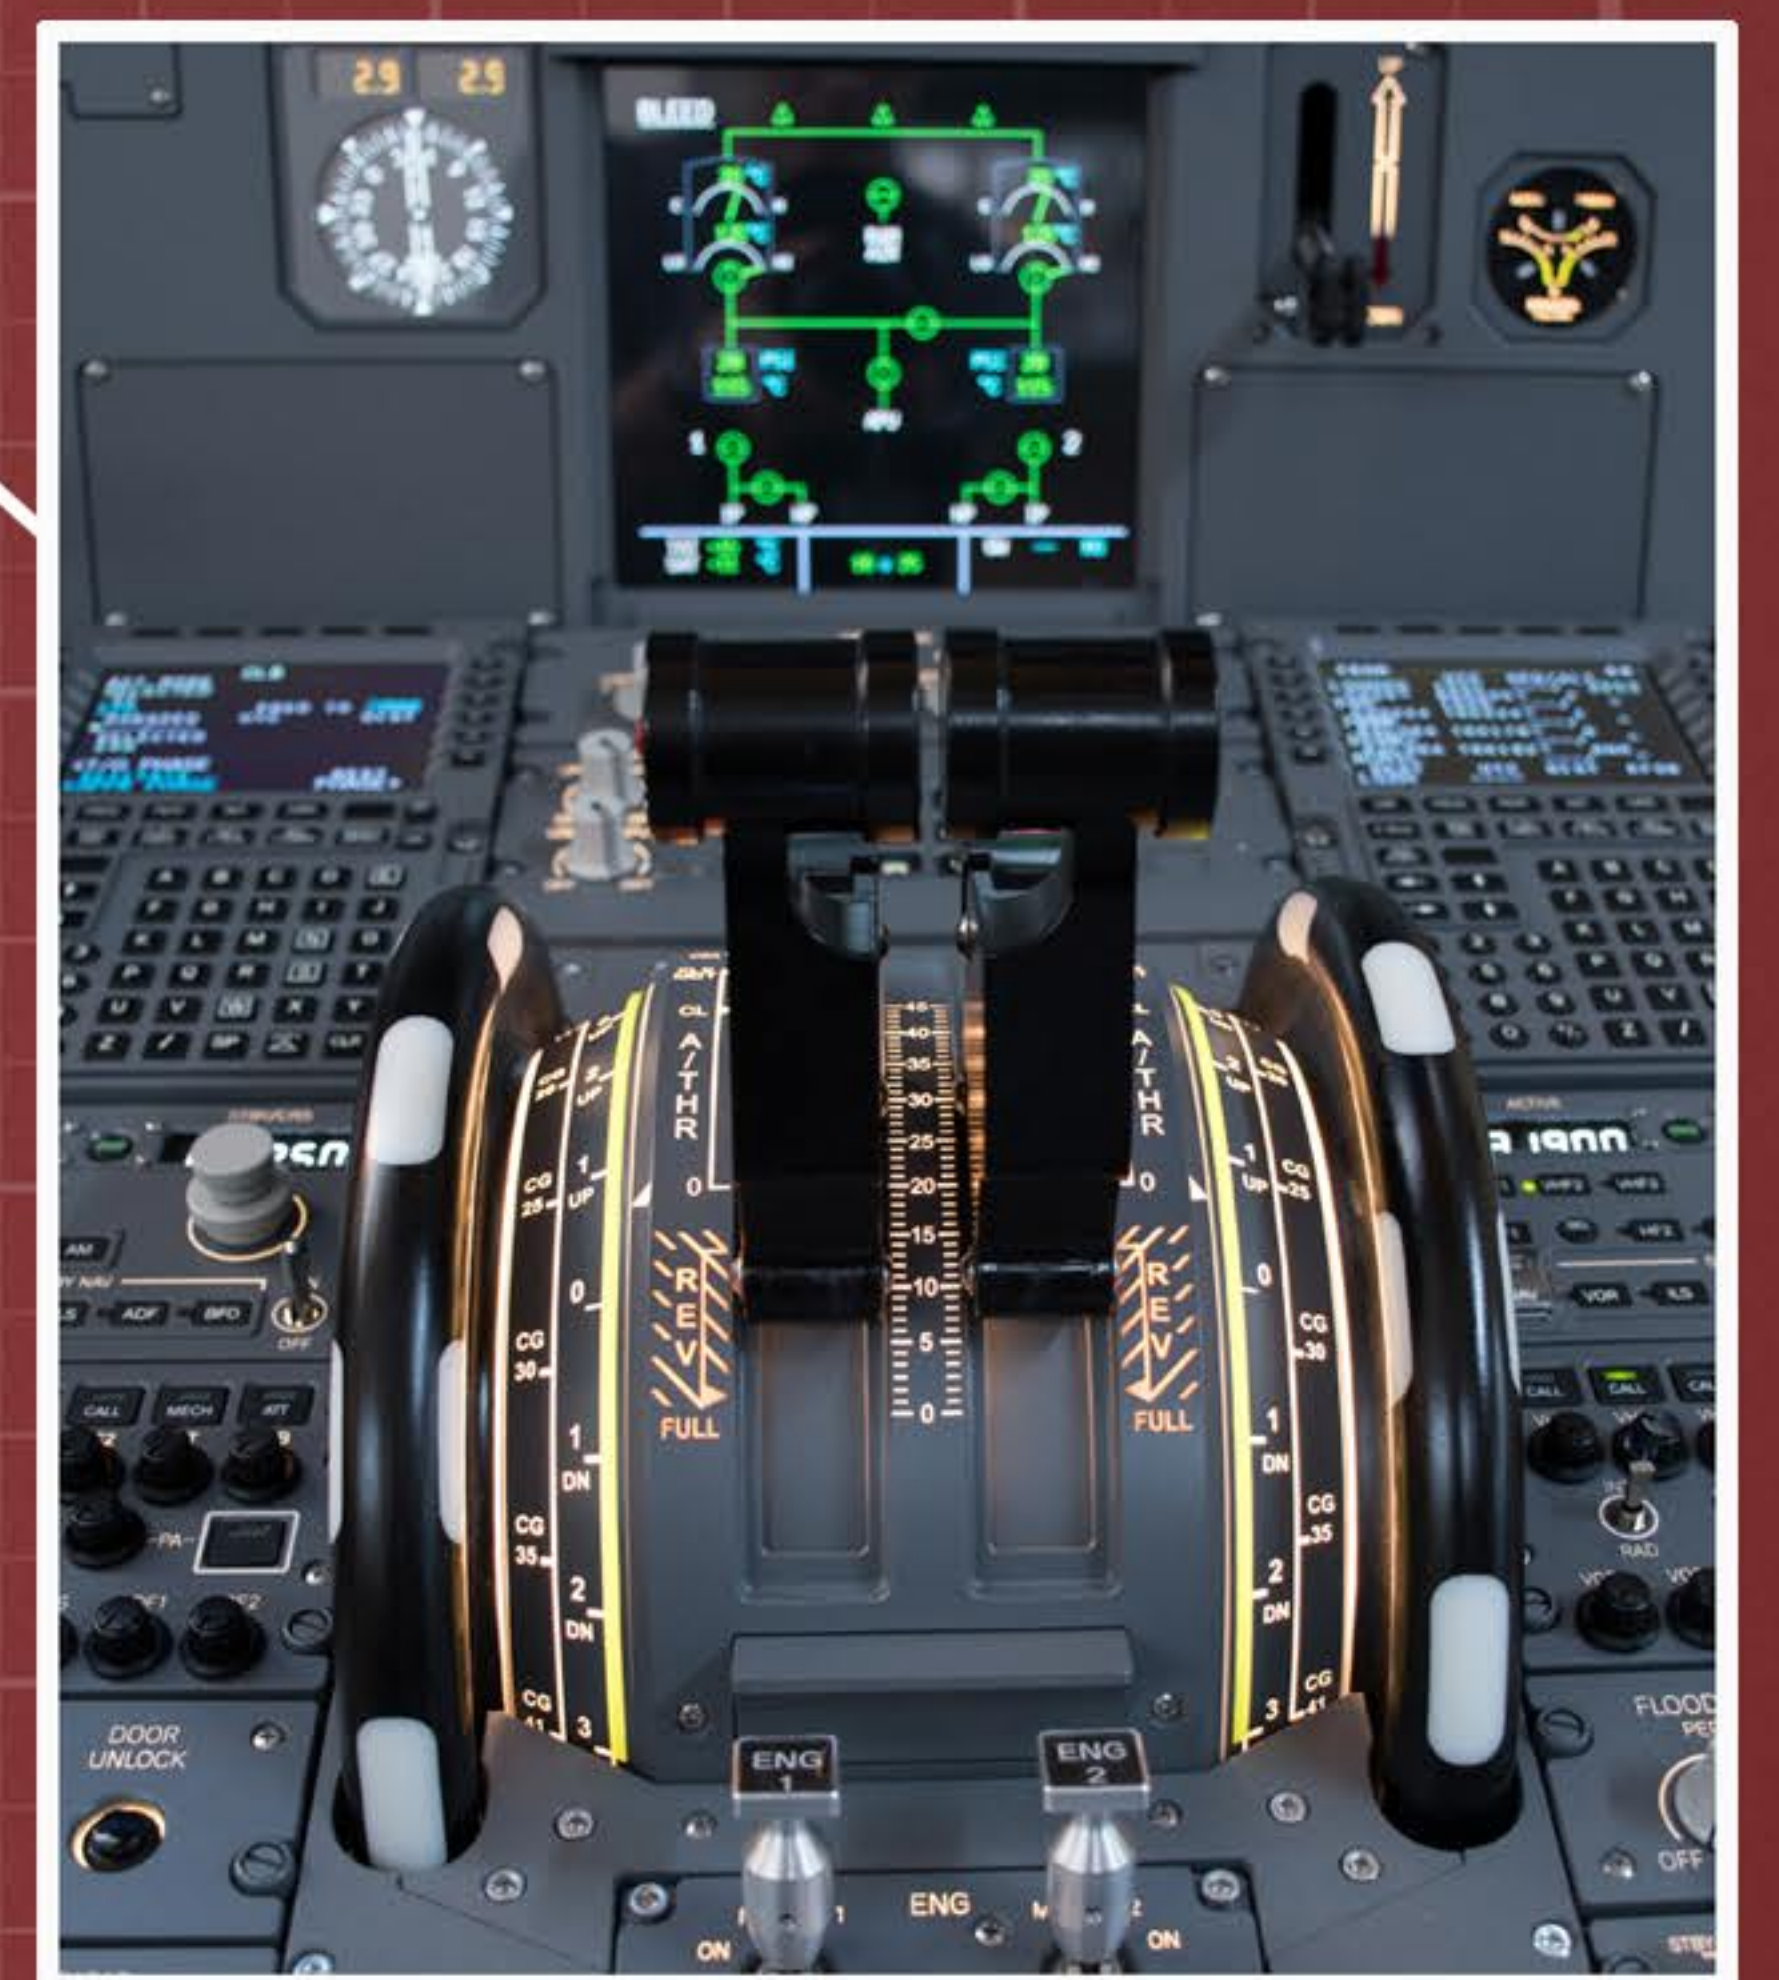

*Quick and simple  
installation*

*Elegant finish, no  
apparent cable*

*Connection with only  
3 cables.*

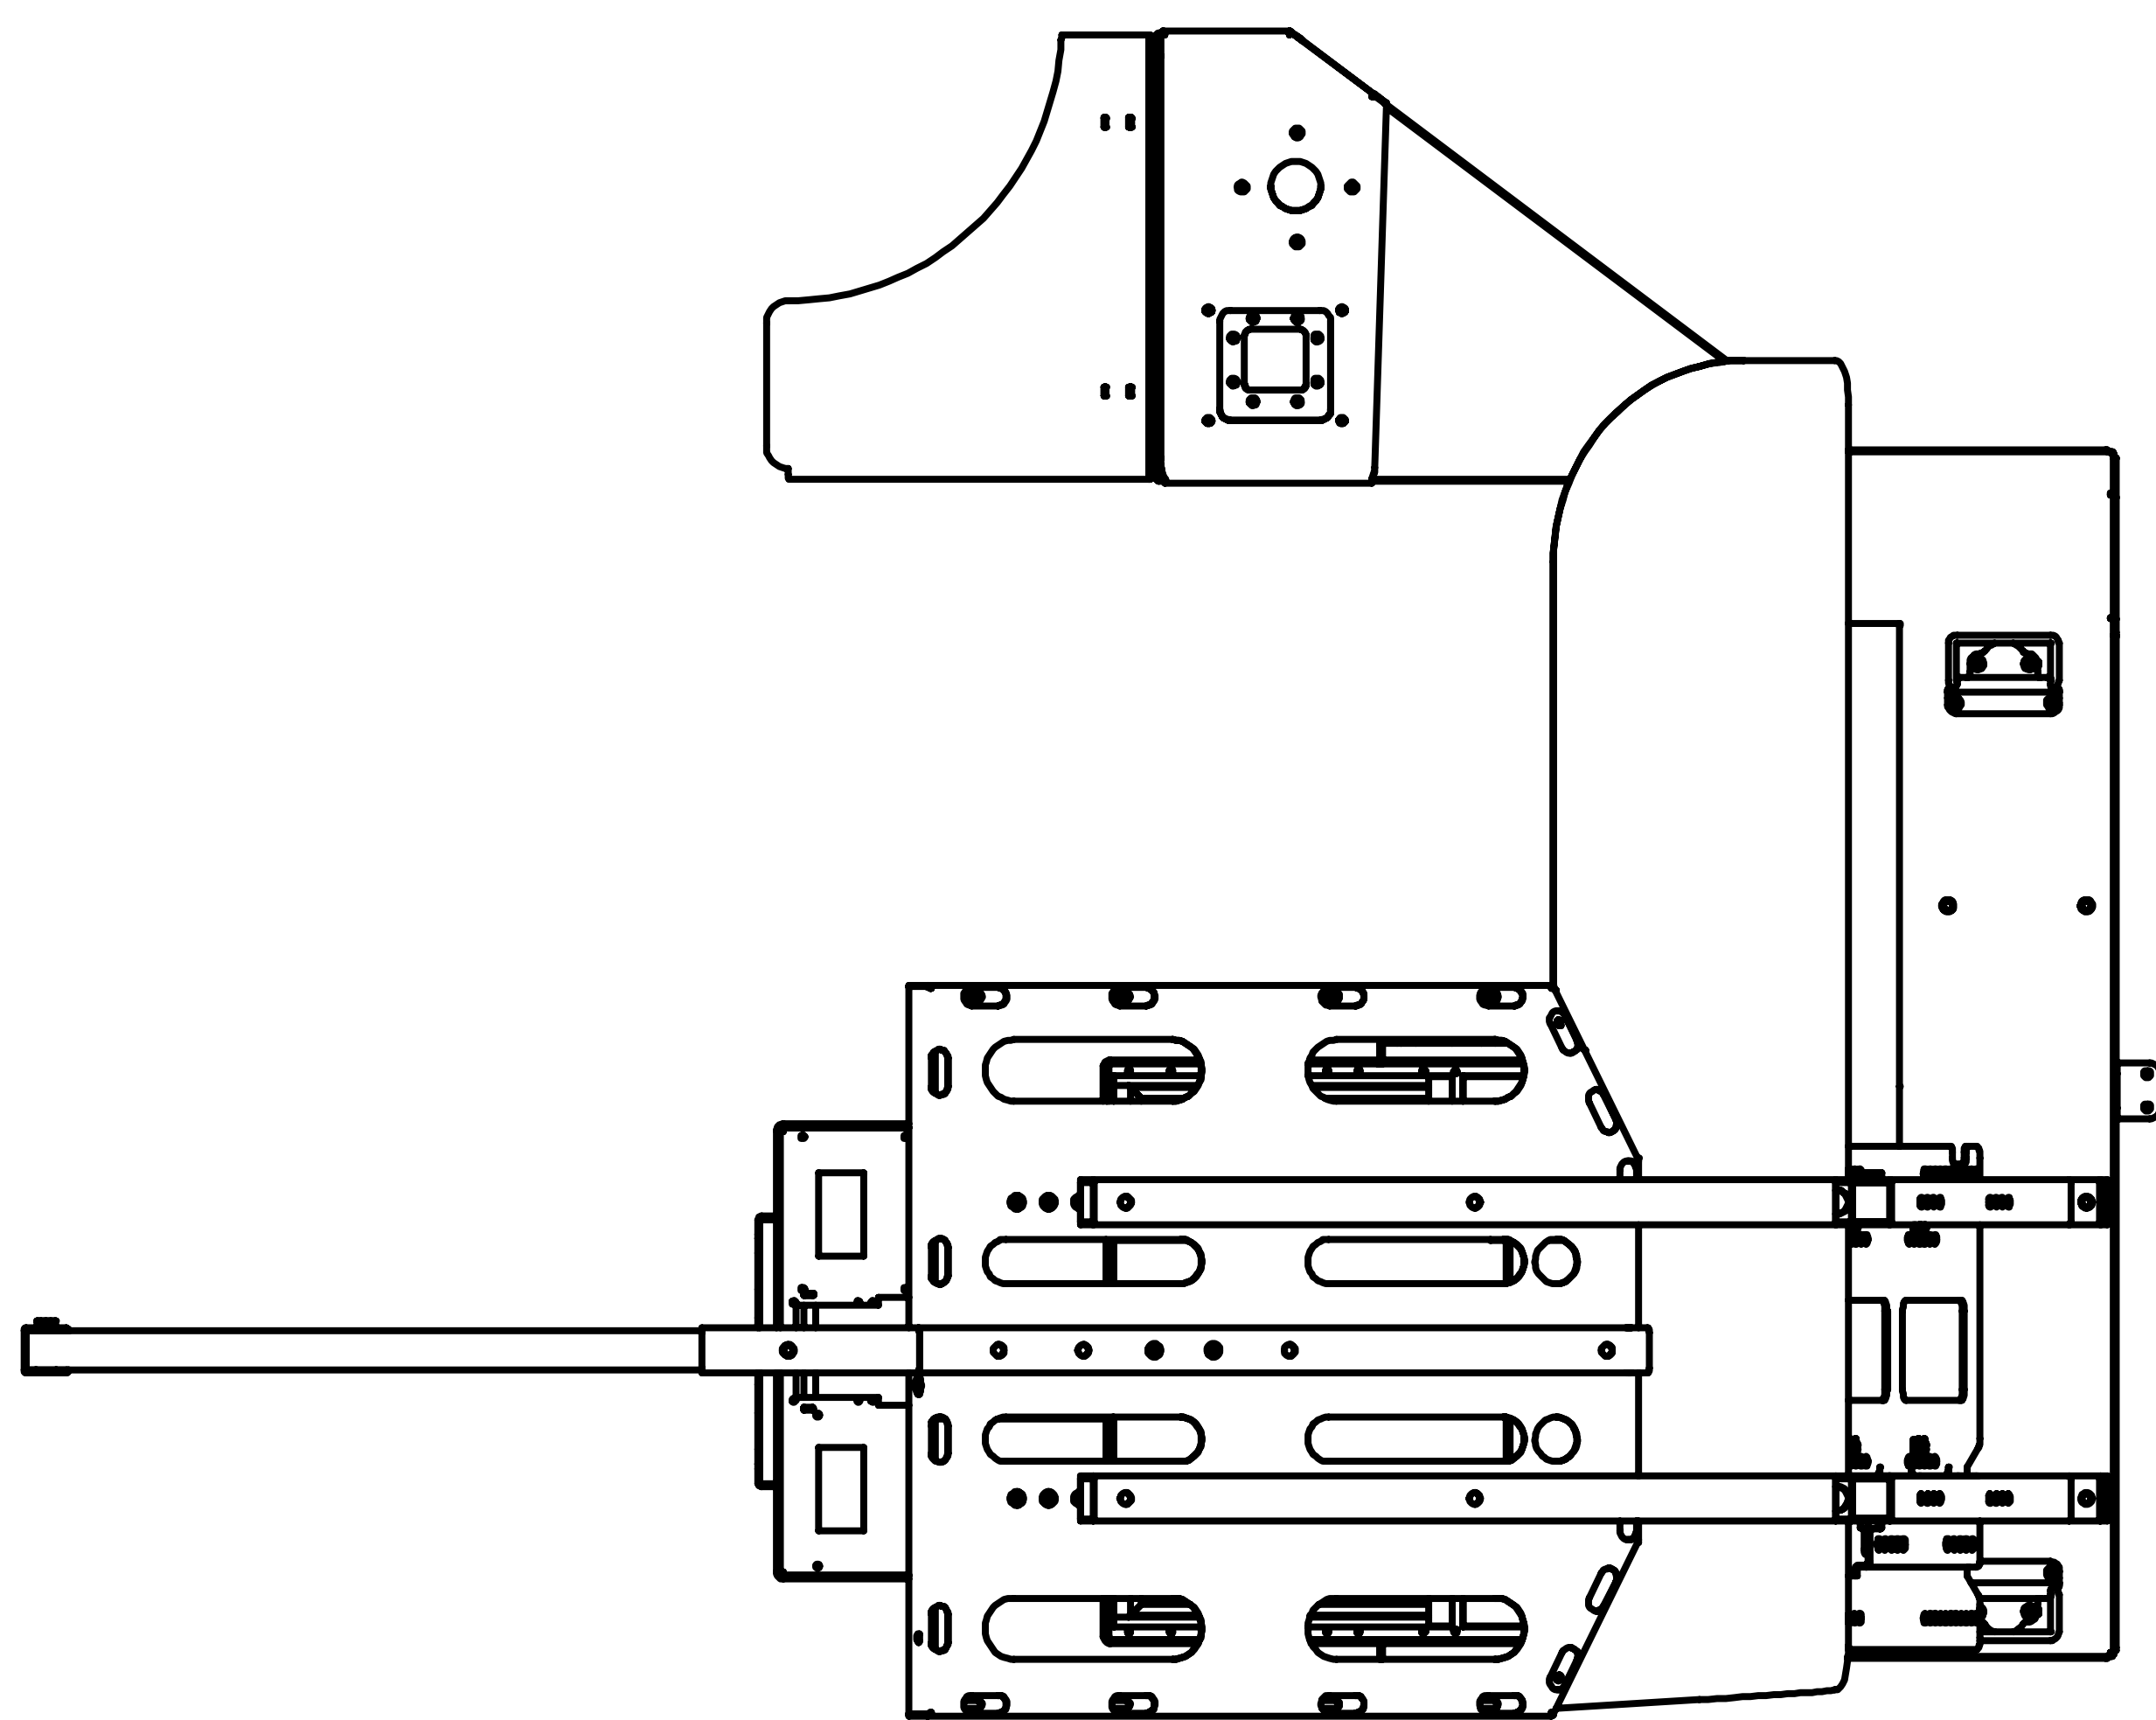

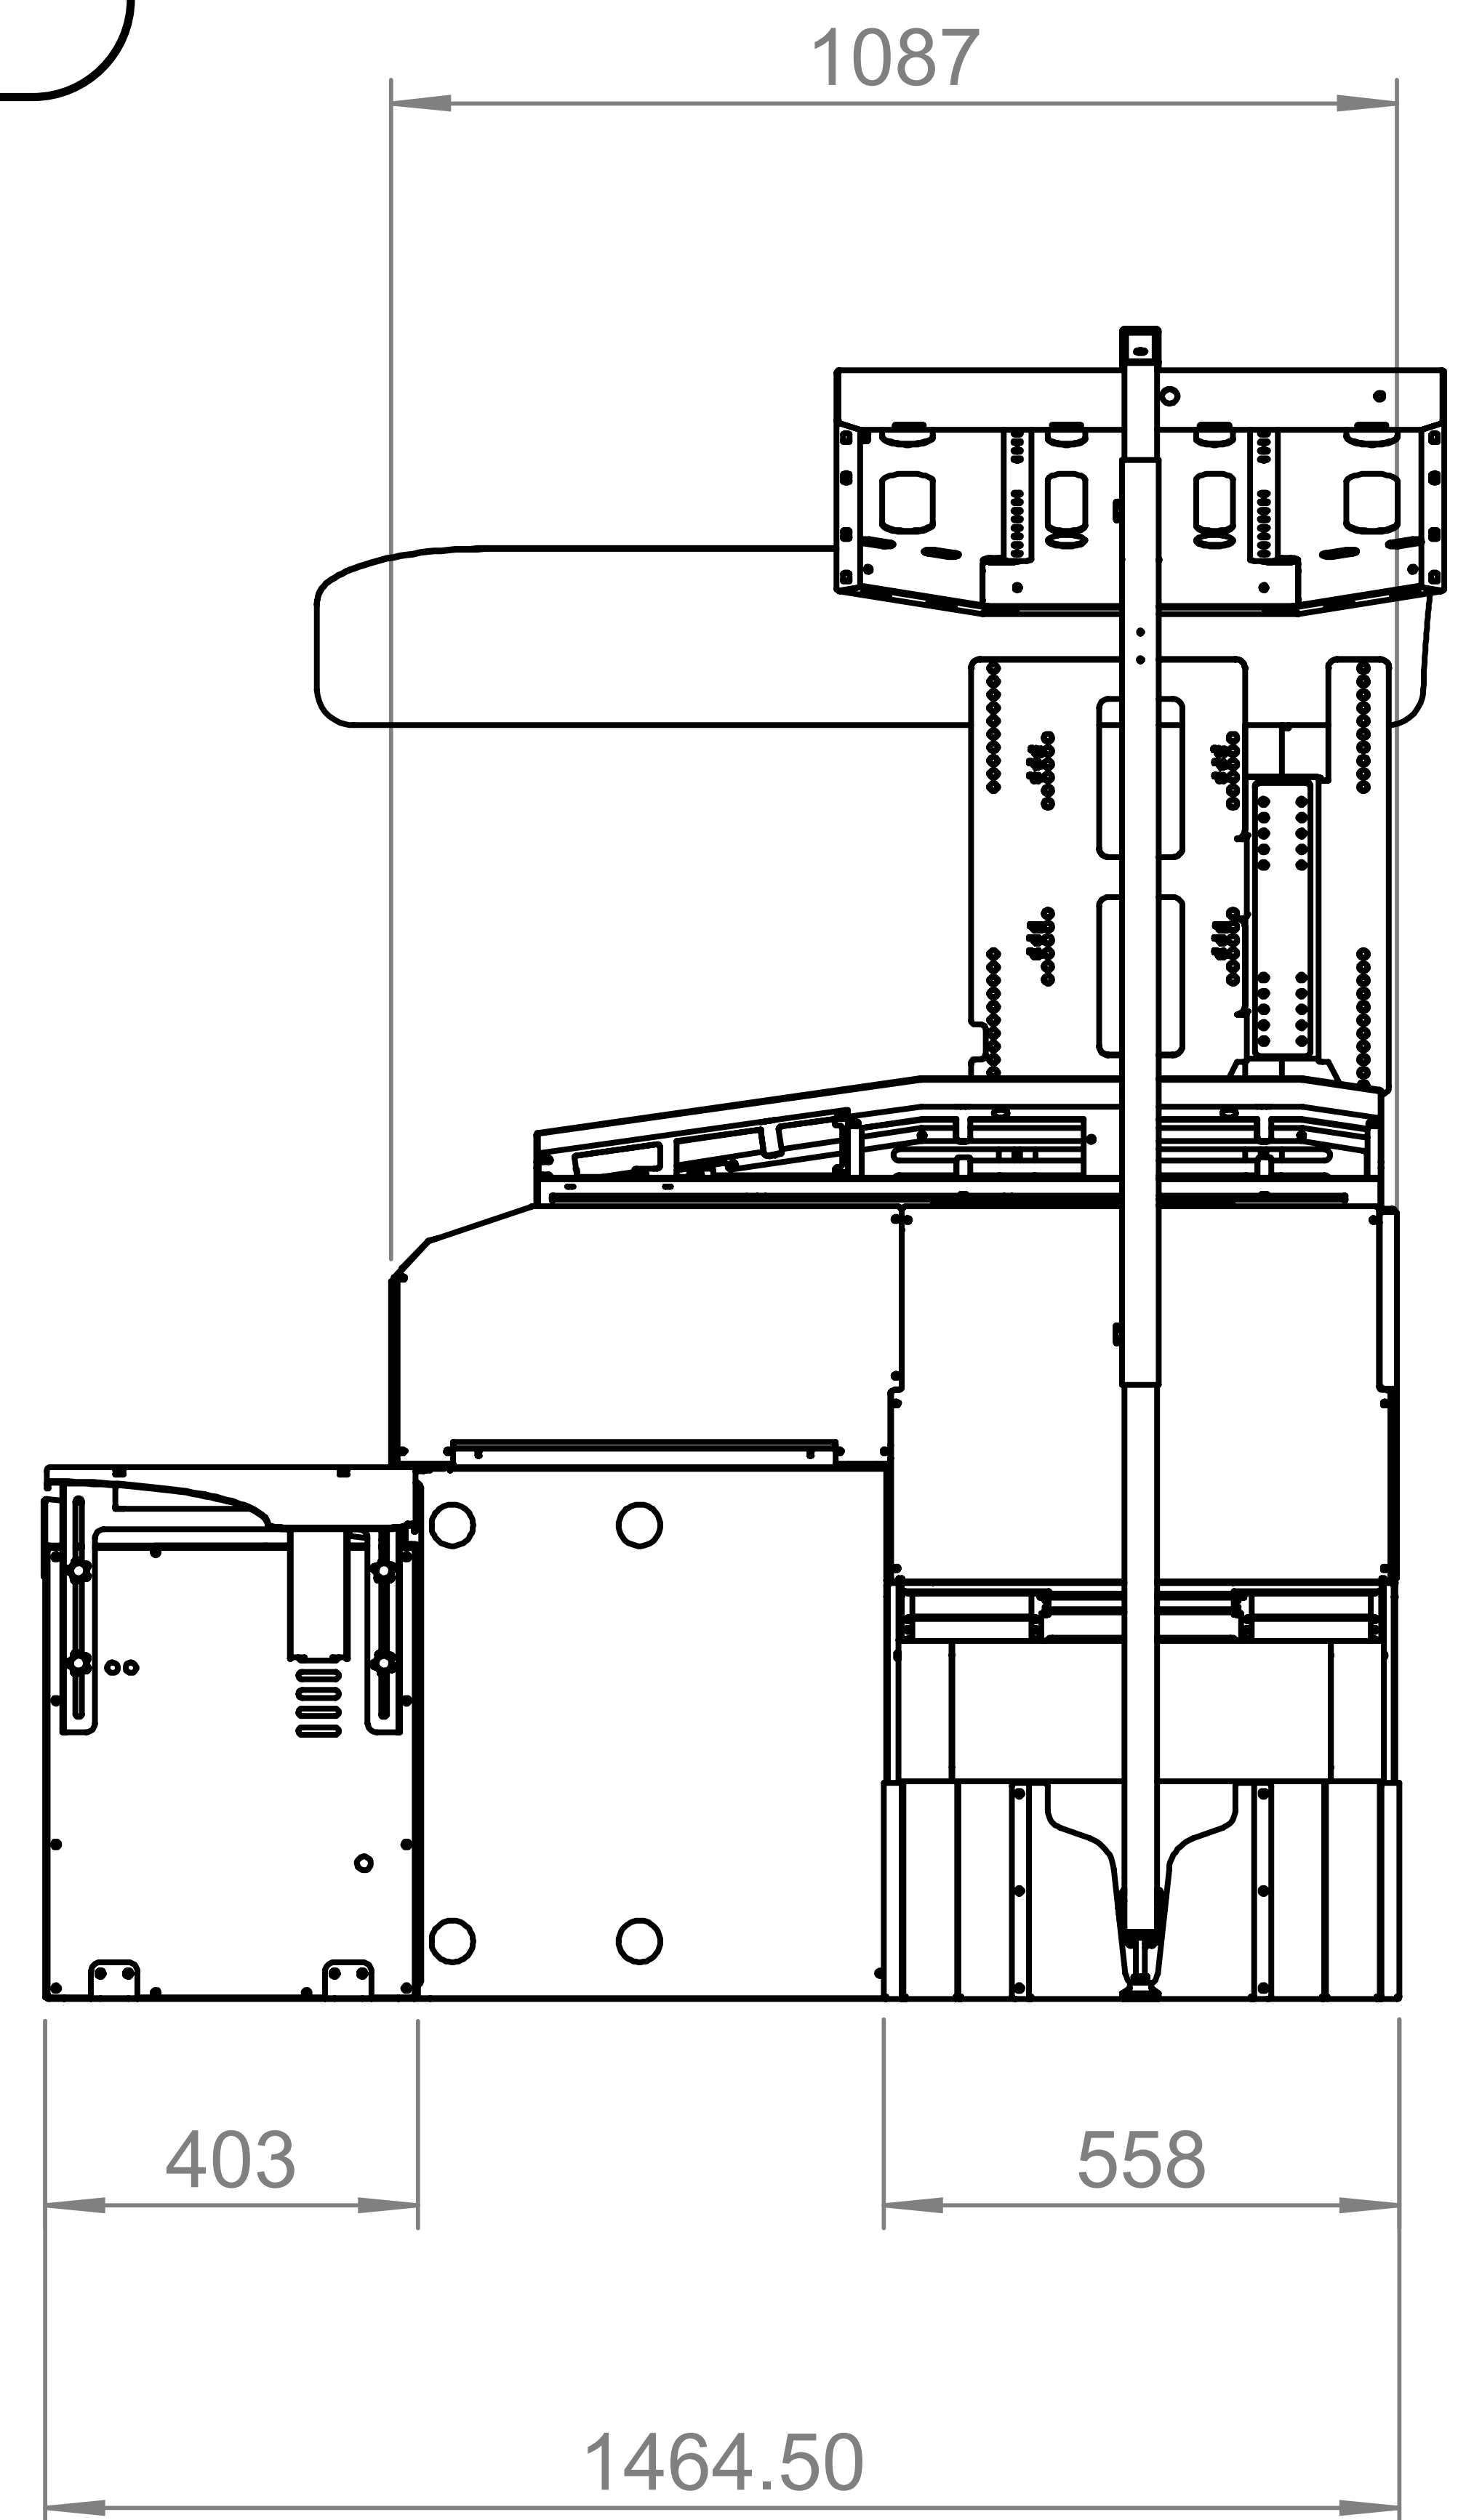

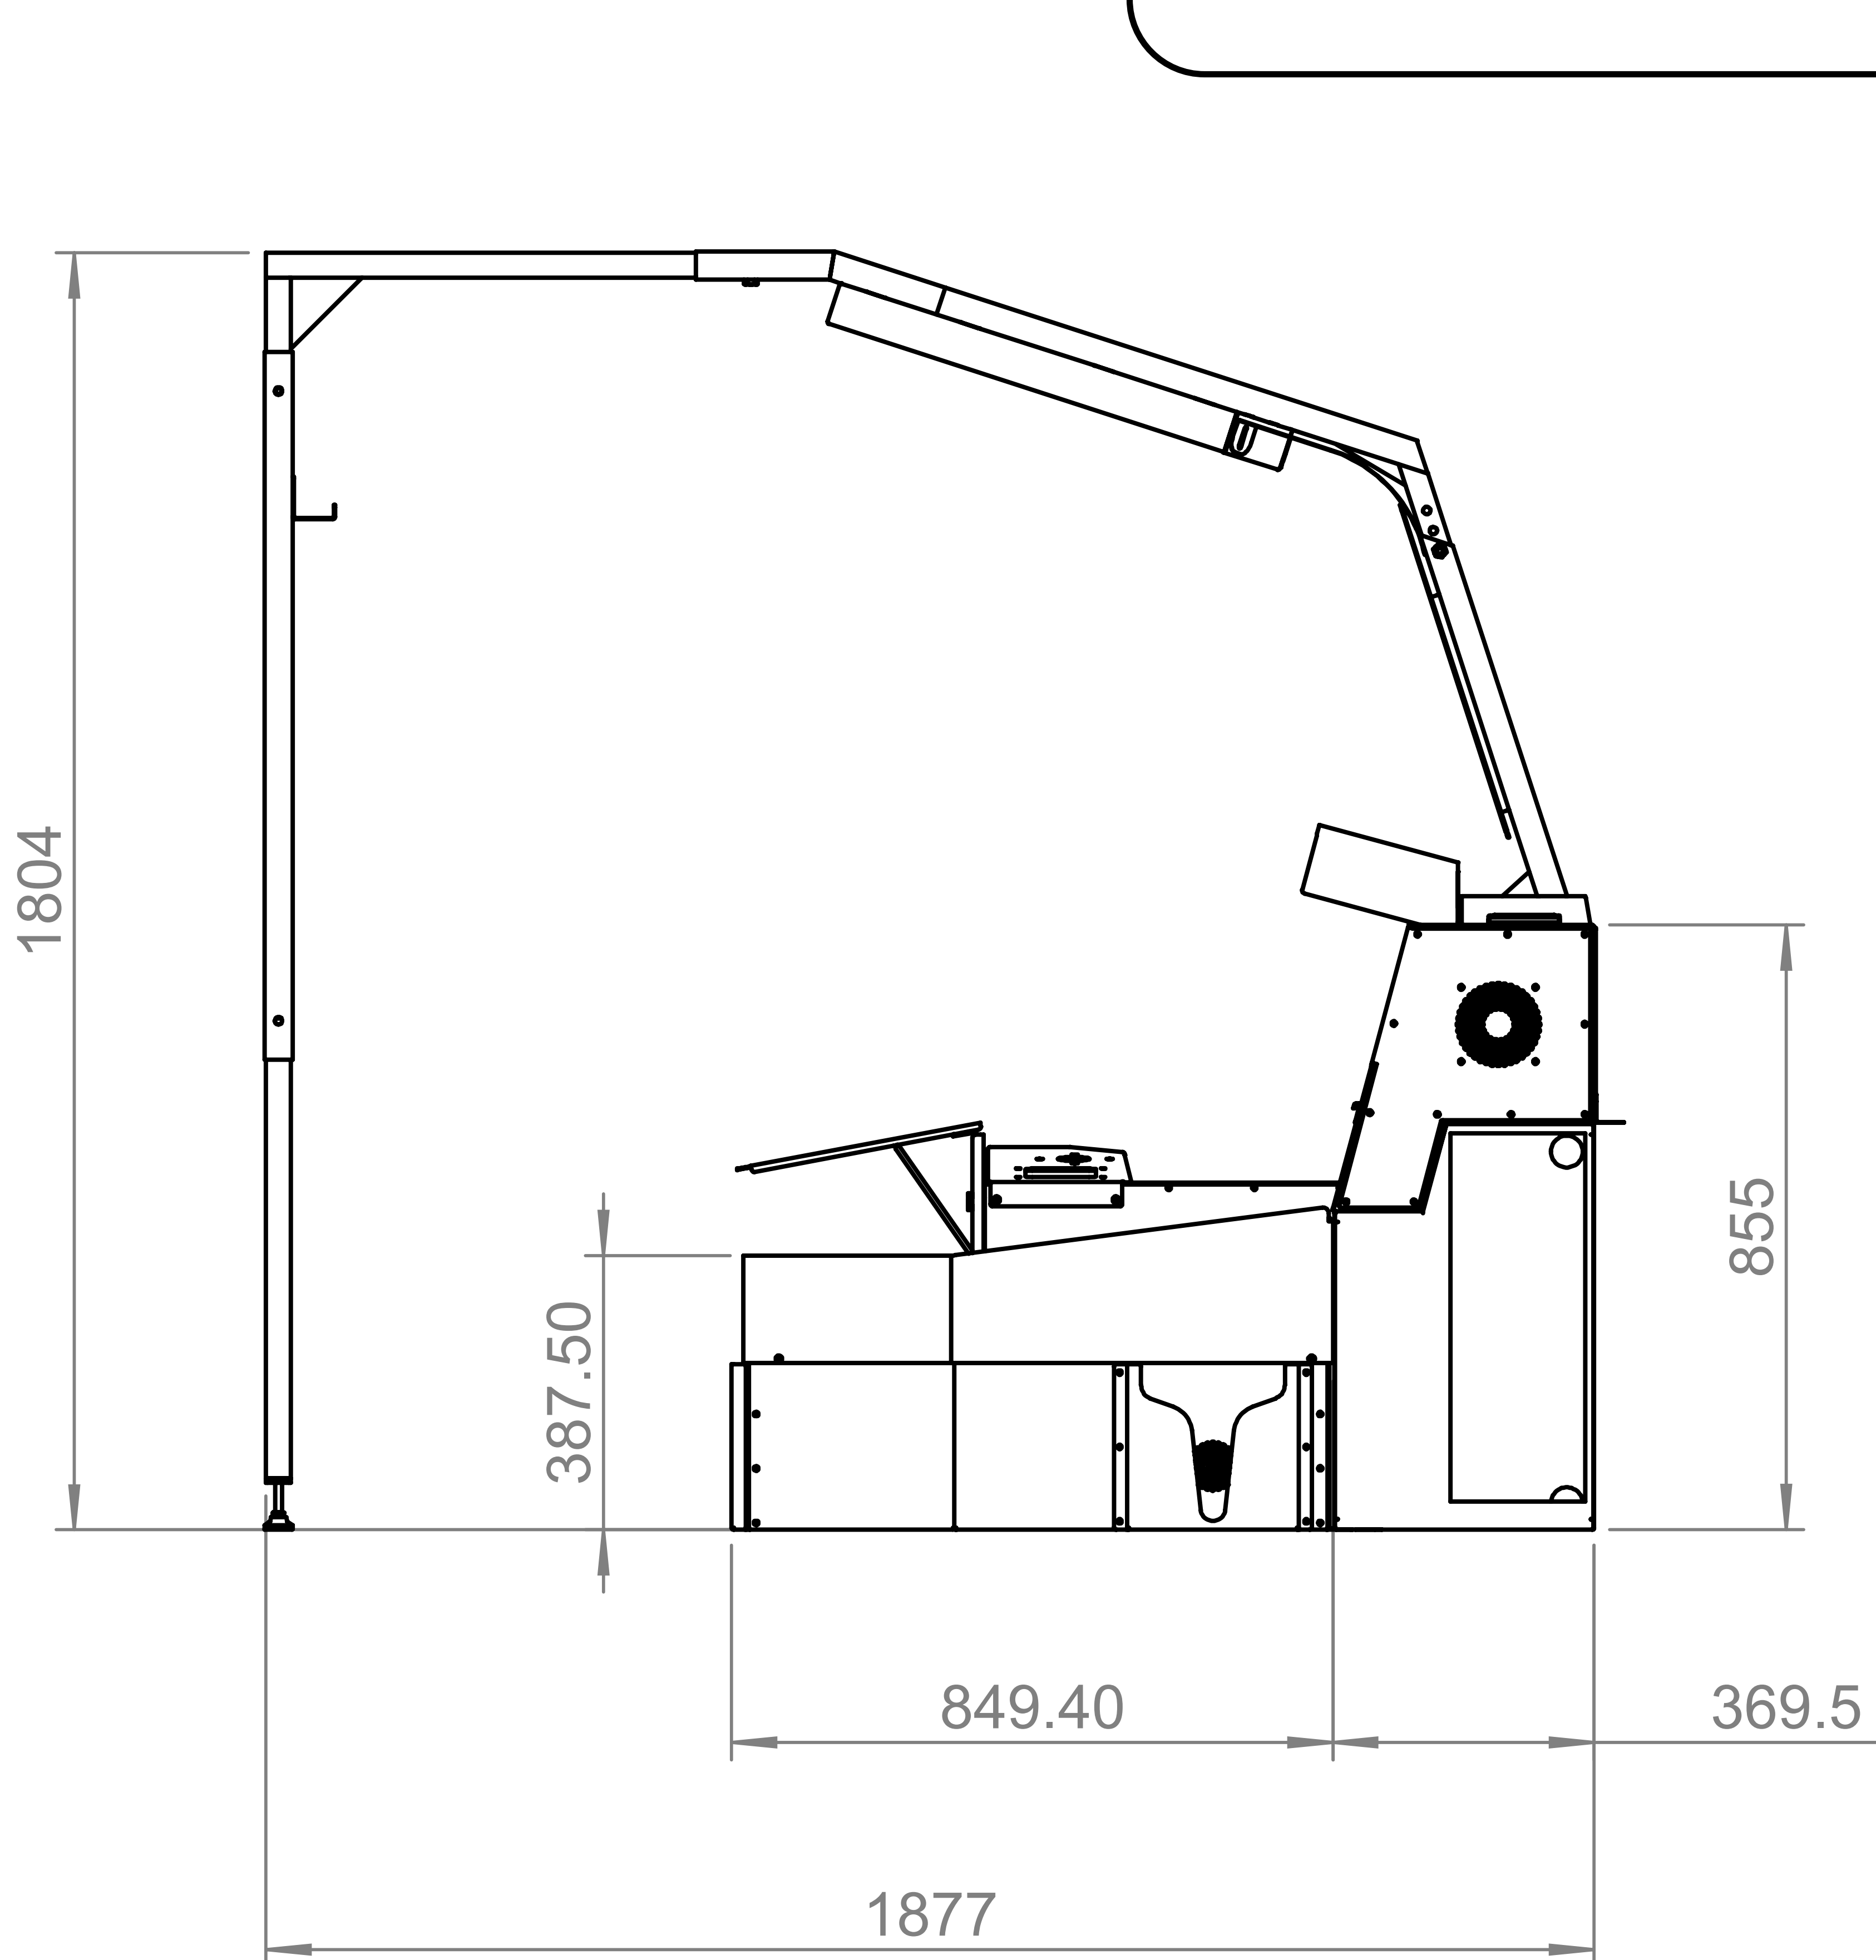

*Full throttle,  
Motorized*

*two PCs integrated in the MIP  
(Instrumentation Prosim A320).  
Requires only one external PC  
for the flight simulation*

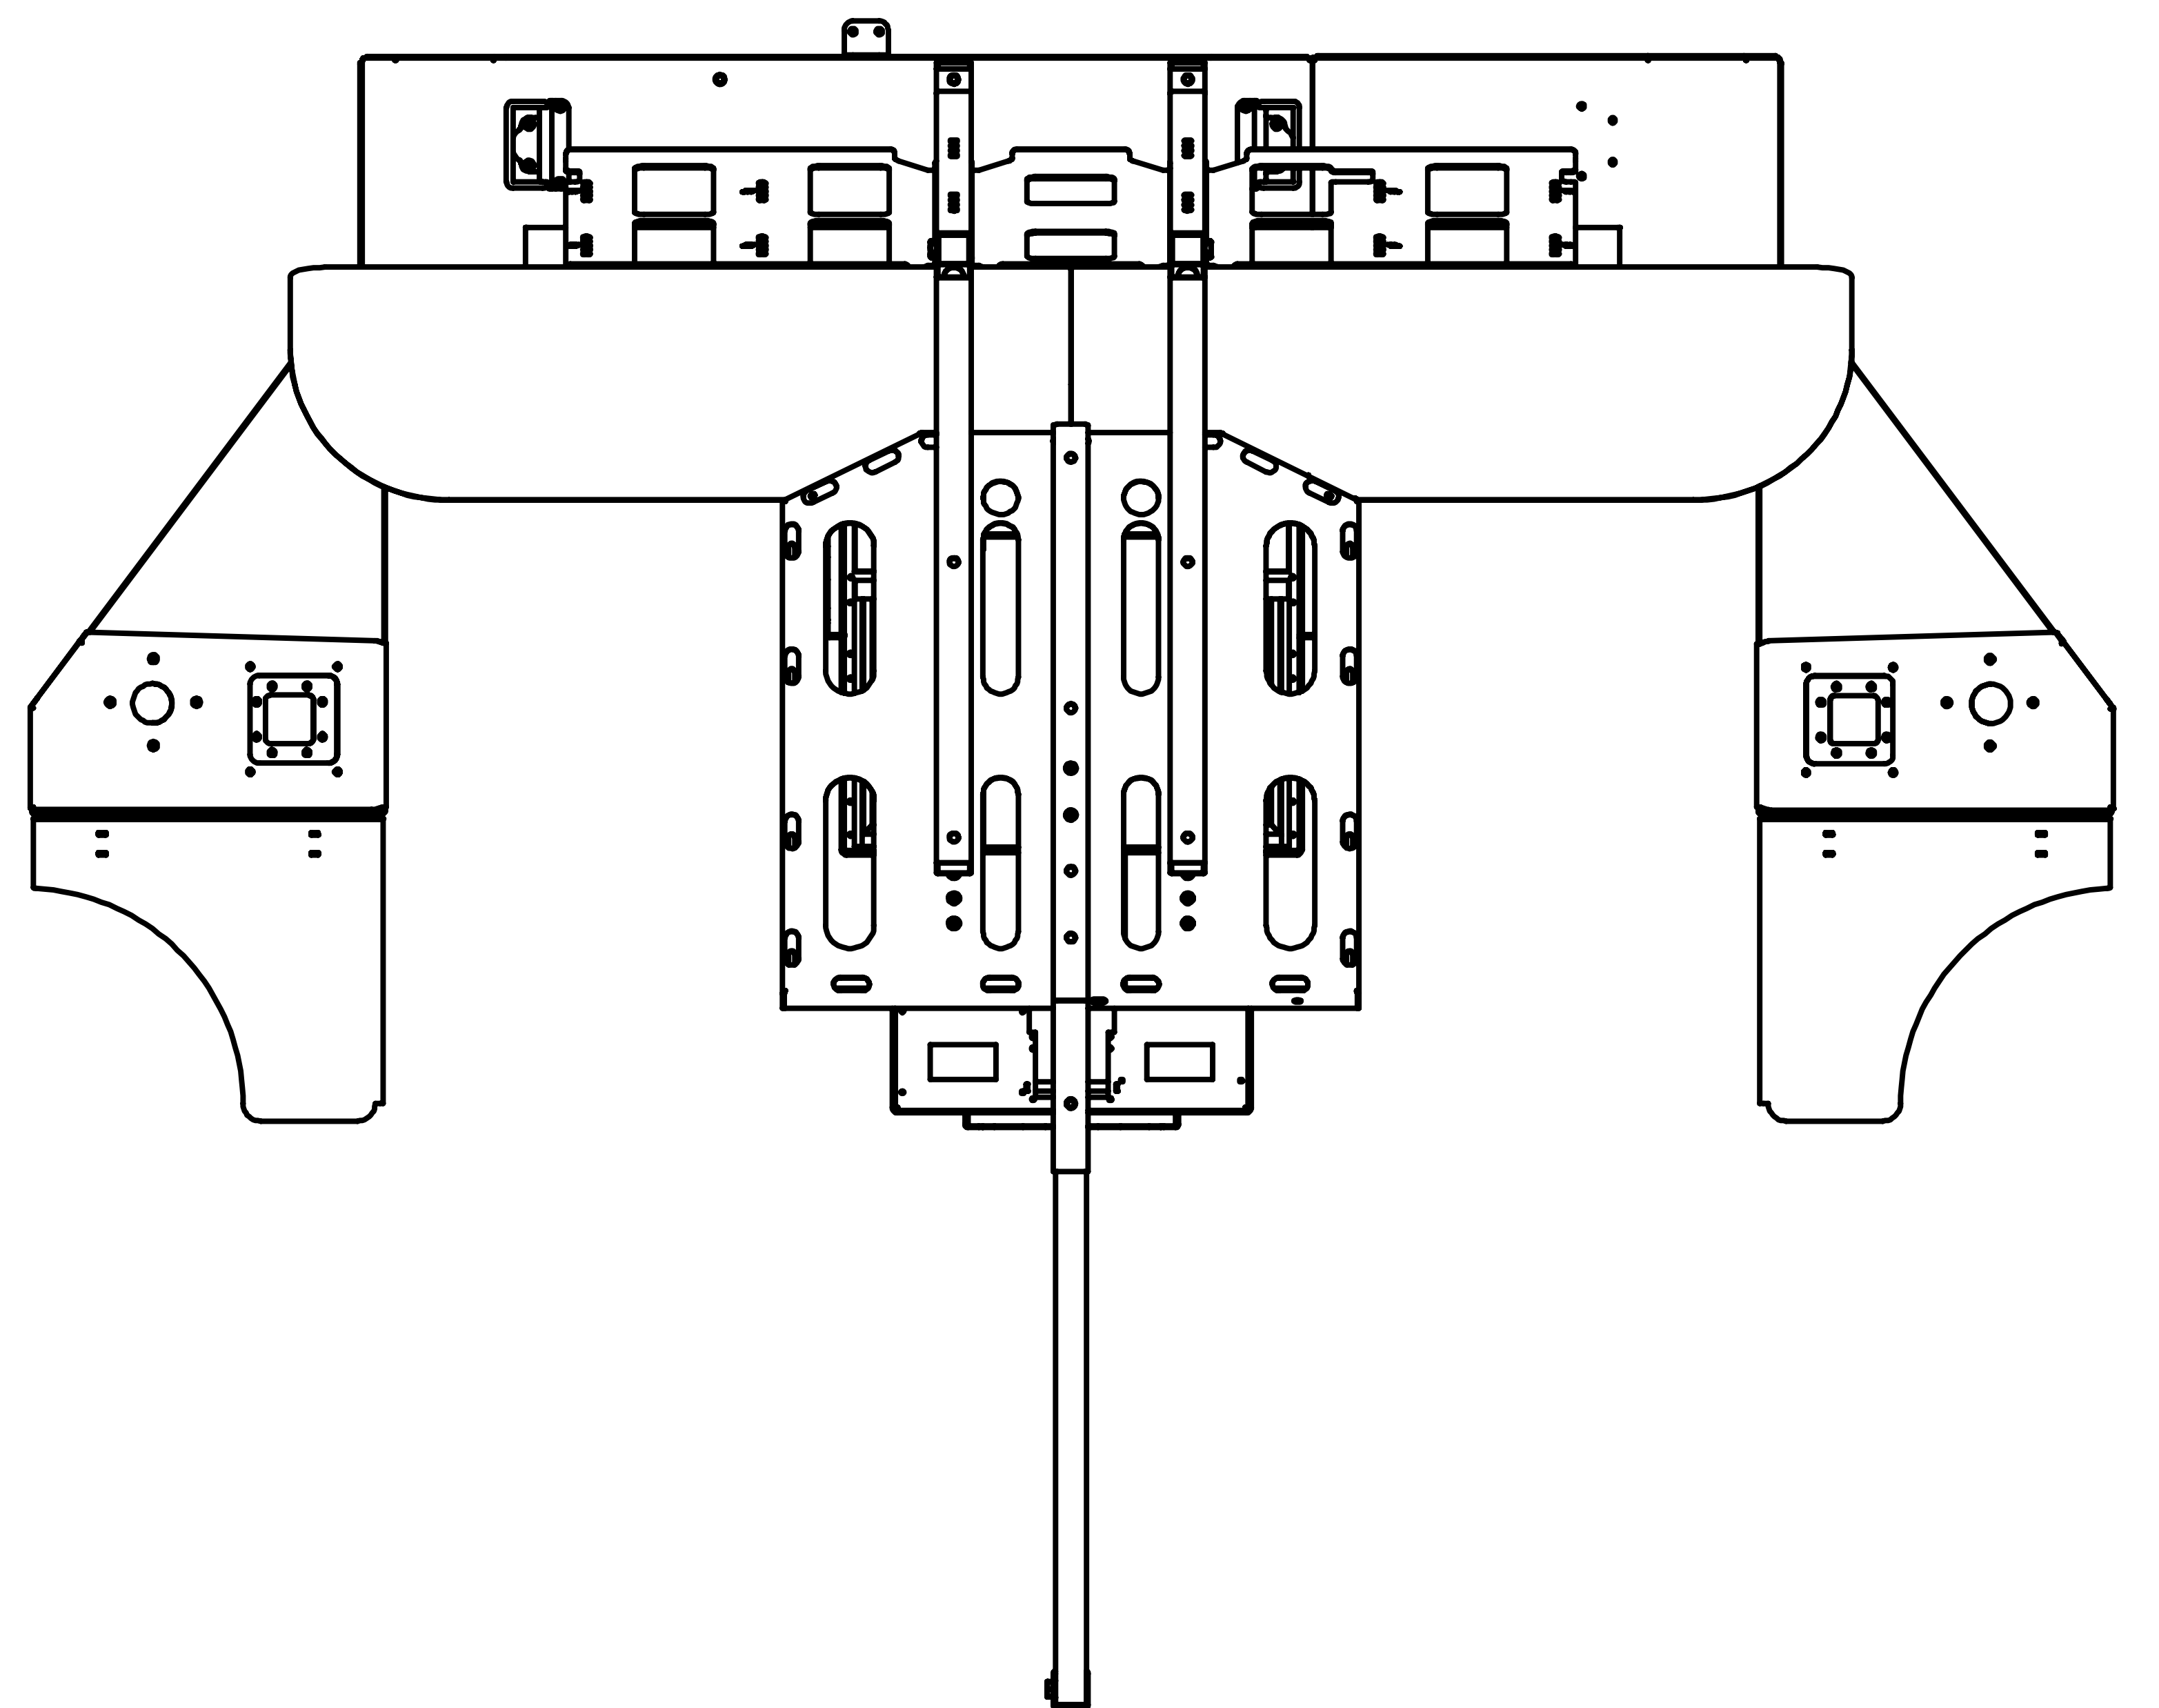

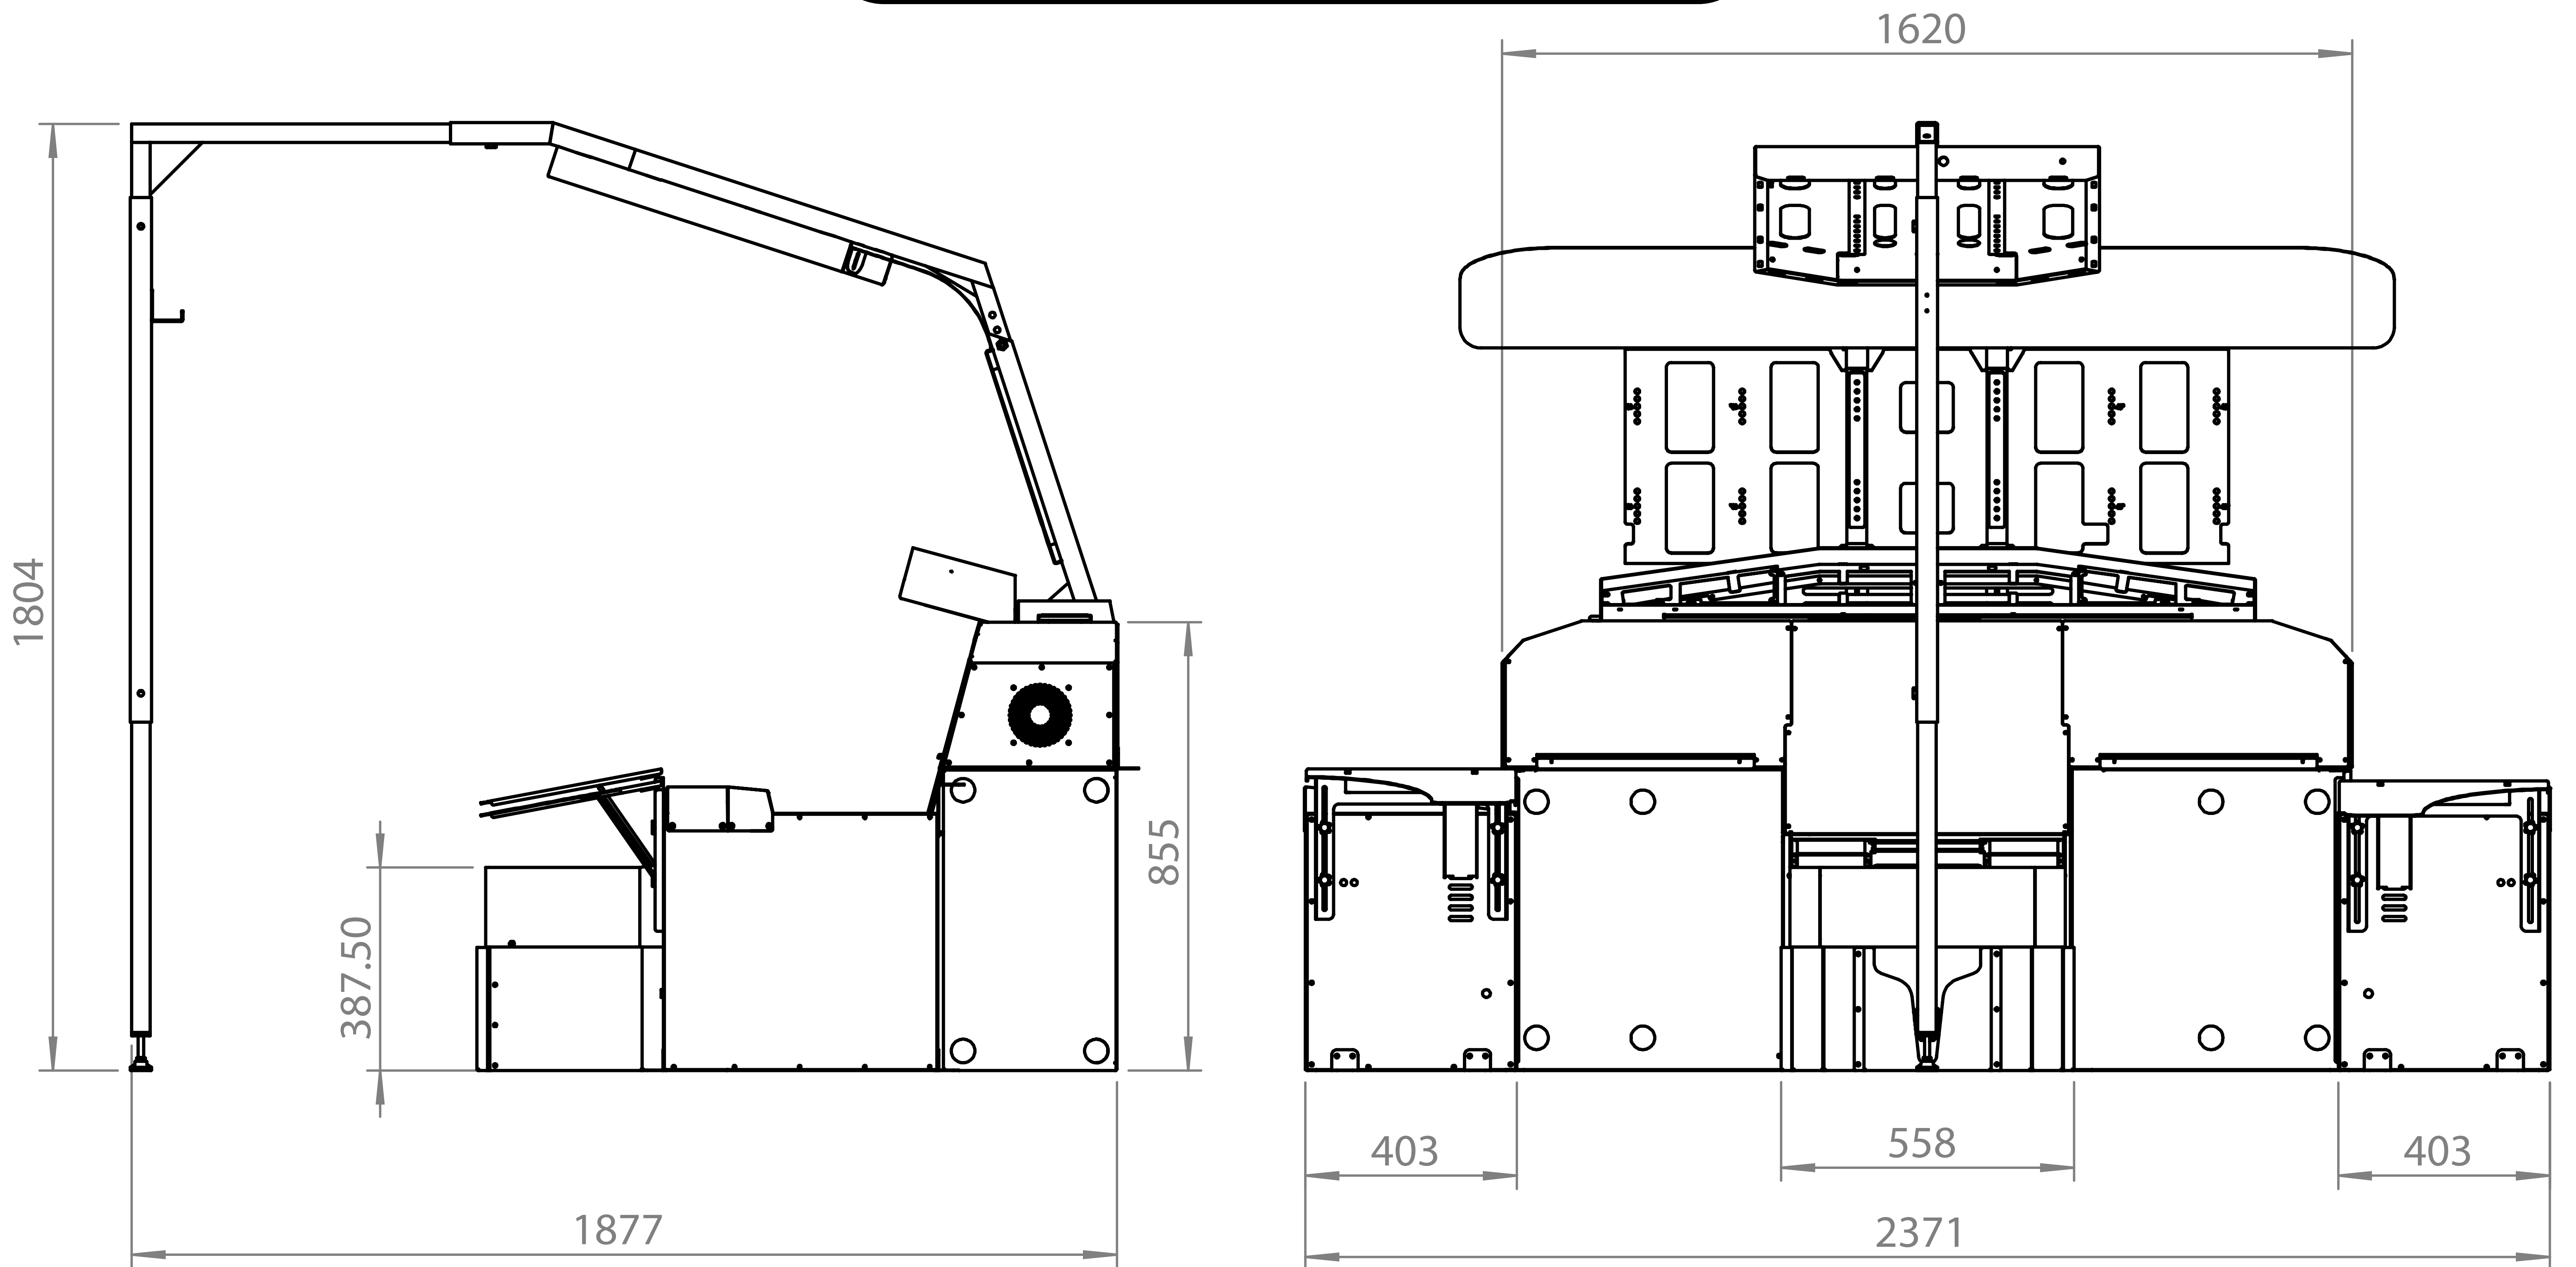

*Size (cm): 114.6 x 187.7 x 180.4  
Weight: 110 kg (MIP) + 20 kg (OV4)  
15 kg (Tublings & screen support)*

Datasheet  
Panel **A320** Desktop Capt.

Technical data :	Values :
Voltage	220-240 [V] à 50-60 [Hz]
Maximum consumption of the MIP + OVH	260 [W]
Noise	20-25 [dB]
Weight of the MIP with screen support	110 [Kg]
Weight of the OverHead with Tubings	35 [Kg]
Transformer for USA ST-1000 ( supplied for the concerned countries)	Input AC : 110, 200, 220, 240 [V] Output AC : 110, 220 [V]
